## tech list

### 1 CABLE BAG

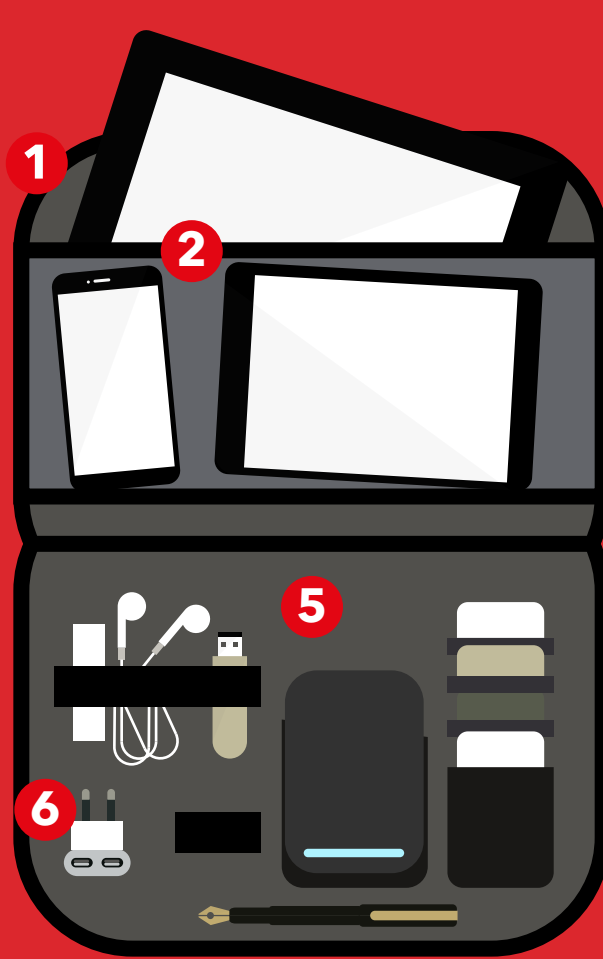

The KNOMAD Organiser range from KNOMO London are some of the best to easily store cables, cards, battery packs, tablets, etc.

### 2 Laptop / Tablet / Phone

One that you know well!

### 3 USB Key

SanDisk Ultra Fit is the smallest one around and will prove its utility at the business centre or for any last-minute file transfers

### 4 Headphones

Sennheiser Momentum In-Ear or for the full noise-cancelling experience it's a choice between Bose QC 25/35 or Sony's MDR-1000x

### 5 Battery pack

RAVPower 16750mAh and upwards

### 6 Power Adaptor

The SKROSS Pro World adaptor is readily available at most airports and for good reason

## washbag

best practice is to follow TSA rules

## medicines

best practice is to follow TSA rules

Individual containers can't be bigger than 100ml

Must fit in an accessible 1 quart (~1 litre) sized clear, plastic and sealable (zip-top) bag

1 bag per passenger

Use the original container

Carry your prescription / doctor's note in English

## Mediatree recommends

A warm scarf to keep you warm when wearing a light coat and it can double down as a blanket on flights

Books / Music for downtime - important to help you switch off when you have the opportunity
